Blue Flat Plate Collector

Millionsun's blue absorber flat plate collectors are manufactured according to European quality standards. By introducing BLUETEC coating layer from Germany and applying ultrasonic or Laser welding technology, our products, with stable quality and SRCC and solar keymark certificate, have been sold in batches to European markets.

Featuring optimal and reasonable structures, fine appearance and easy installation, our products are well combined with buildings and applicable to household and scaled systems.

Type : M-SBC/2.0-Blue / M-SBC/2.5-Blue

Warranty Details: 10 years warranty for collector

Address: NO.2-10, Jinlong Avenue South, Shahu Community Pingshan, Pingshan New District, Shenzhen City, China.

Description		Unit	Specification	
Dimension (LXW XH)		mm	2000X1000X80	2000X1250X80
Gross Area		m ²	2.0	2.5
Aperture Area		m ²	1.84	2.32
Absorber Area		m ²	1.76	2.22
Total weight of the empty collector		Kg	29	34
Collector connection (Inlet / Outlet)		mm	Φ22	Φ22
Max.idle temperature		°C	152	152
Liquid content		L	1.6	2.0
Operating pressure		Bar	12	12
Nominal volume flow			50-300	50-300
Cover	Cover material	Low iron patterned tampered glass		
	Cover thickness	3.2 mm		
	Cover transmission	≥92%		
Absorber	Material	Full Aluminium sheet		
	Surface treatment	Blue selectivity coating		
	Absorptivity	95%±2%		
	Emissivity	8%±2%		
Frame	Material	Aluminium alloy 6063		
	Colour	Silver or Black		
Insulation	Material	Glass wool (30mm,35Kg/ m ³)		
Back plate	Material	Aluminium sheet (0.5mm)		
Glass sealing	Material	EPDM		

Millionsun Solar flat collector manufacture line start to made solar flat collector at 2002, there is 50000 sqm for the manufacturing place. We have 1 Black absorber coating production lines, black absorber coating annual production capacity over 1 million sqm, we hold black absorber coating market capacity of 30% in china.

We have 2 ultrasonic welded production lines and 1 laser welded production lines, We supply all kinds of flat plate solar collector to client, workshop manufacture 20000 sqm flat collector per month, annual production capacity over 200000 sqm flat collector,
